

**Al-Moghreb private overprints on Morocco Agencies Newspaper Wrappers.
A census of known wrappers and varieties
Jan Kośniowski**

This census is the result of information, material and scans gathered from three sources: the author collection; scans supplied by John Gledhill from material submitted by GBOS members; and scans supplied by John Courtis from his archive / database of newspaper wrappers sold on ebay over the last 12 years or so.

The census produced a total of 37 items.

The four Morocco Agencies newspaper wrappers known with an Al-Moghreb overprint are:

- 005 5c on ½d King Edward VII De la Rue tall overprint
- 005a 5c on ½d King Edward VII De la Rue short overprint
- 007 5c on ½d King Edward VII McCorquodale overprint
- 008 5c on ½d King George V

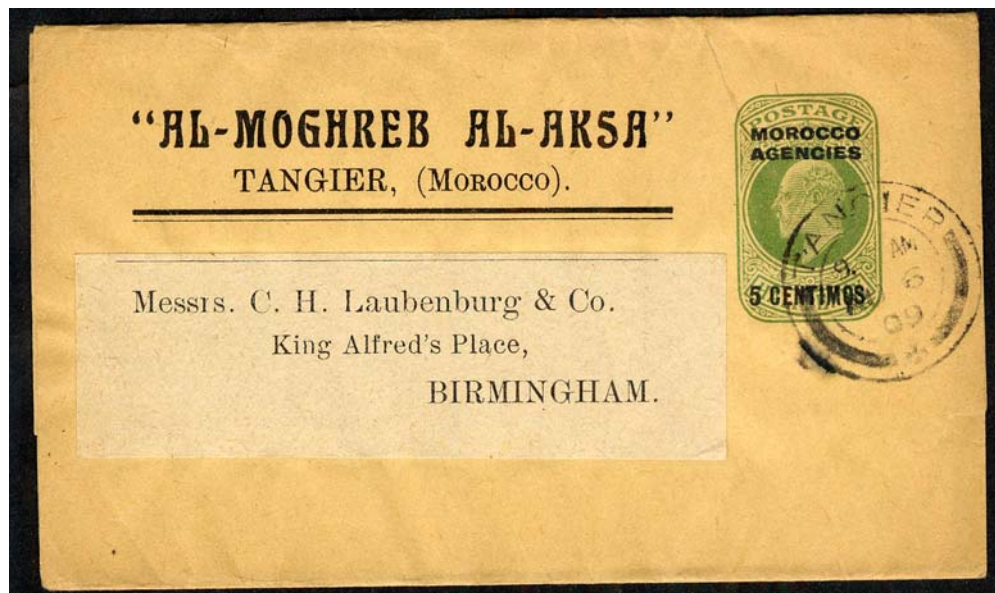

Altogether seven different versions of the Al-Moghreb overprints have been identified on four different wrappers, resulting in twelve different items.
